

Experience the *extraordinary*

A group of people is walking away from the camera on a wooden boardwalk that winds through a dense, lush forest. The boardwalk has wooden railings on both sides. The people are dressed in casual summer attire. The forest is filled with tall trees and dense undergrowth, with sunlight filtering through the canopy. The overall atmosphere is serene and natural.

Discover a *unique experience* where sophistication and *authenticity* meet.

Embark on a journey that transcends the ordinary and reveals the extraordinary.

Your Jungle *Retreat*

Designed to offer maximum **comfort and sophistication**, our boat is the starting point for your immersion in the extraordinary. Every detail has been thought out to ensure a **unique and unforgettable** experience.

3RD FLOOR

The upper deck is the perfect place for guests to relax and enjoy the open bar when they return from their days of adventure in the forest.

2ND FLOOR

You will find 8 suites, each measuring 18 square meters. All have private bathrooms with hot and cold water, air conditioning and space for clothes and equipment.

1ST FLOOR

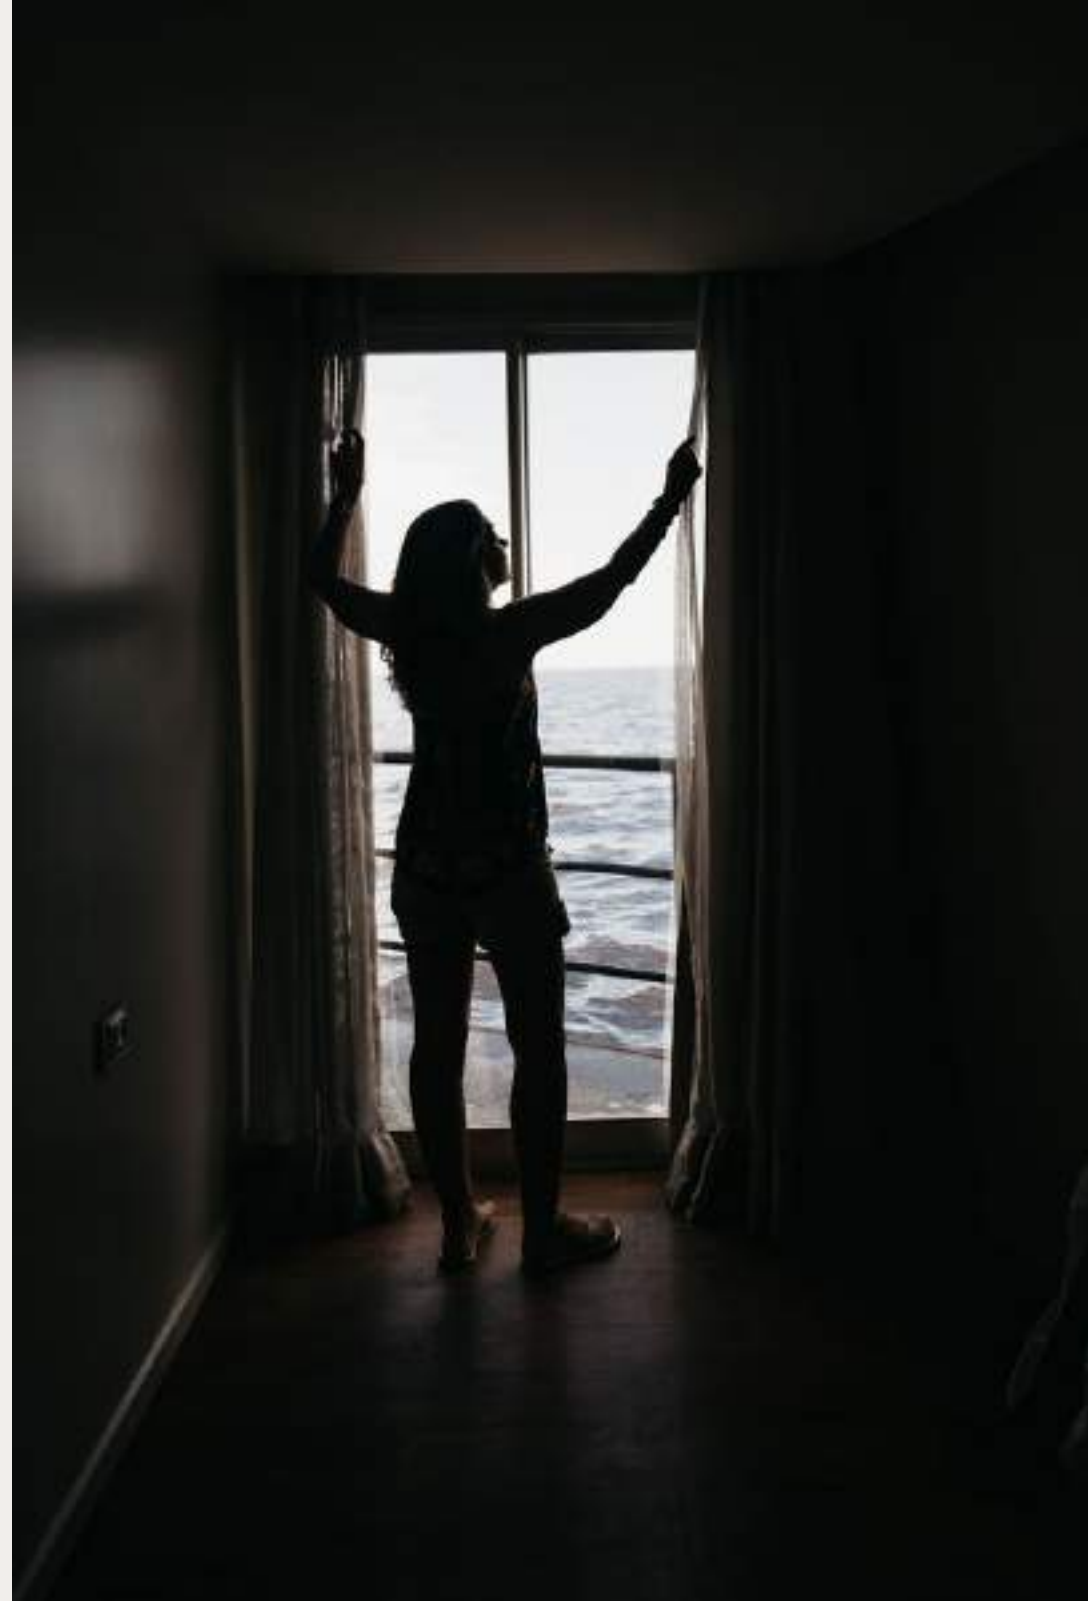

The first floor is a restricted area for our staff only and includes all our internal operations. It is the heart of the ship, powered by two 200 horsepower engines each, which allow us to navigate winding rivers and can practically rotate on its axis.

Your *Oasis*
in the *Heart*
of the Amazon

Relax and *recharge*

in suites that combine contemporary design with the serenity of the jungle. Each space **invites you to unwind**, with views that bring the Amazon right into your room.

Flavors of the
Extraordinary

At the bar,
signature
cocktails celebrate
local flavors and
global traditions.

Every meal is a *celebration of the Amazon,*

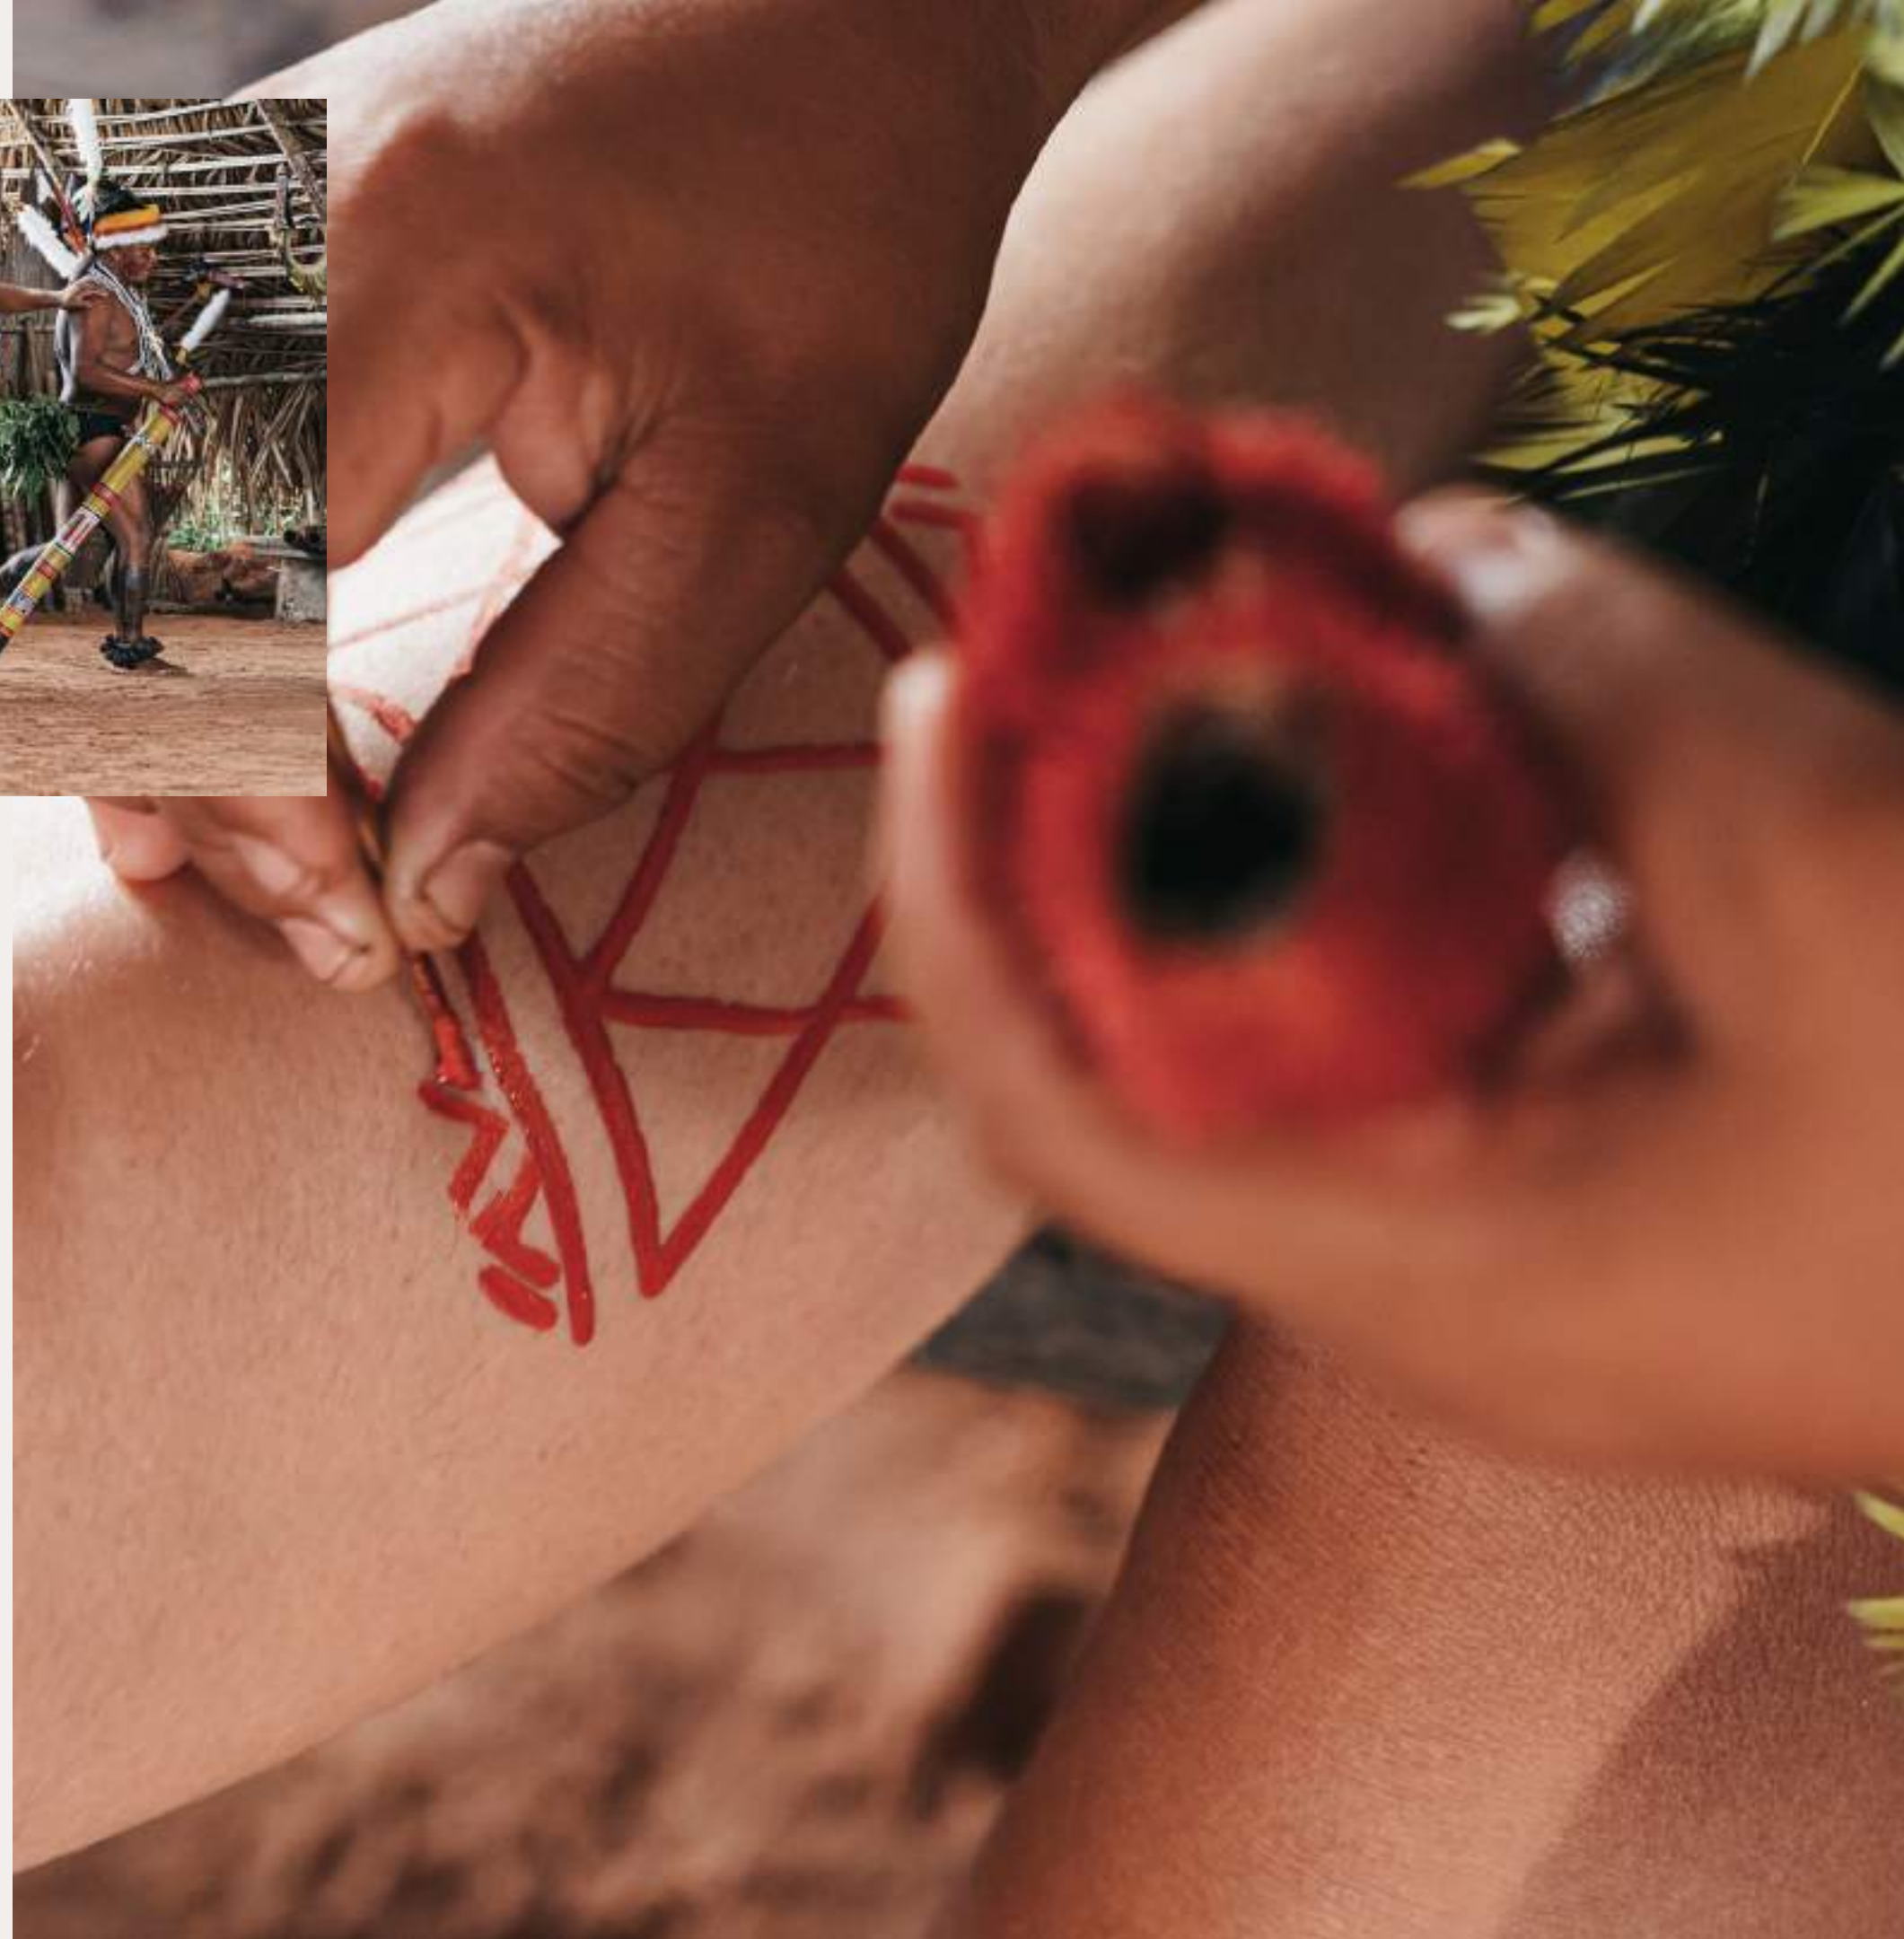

with **fresh, authentic ingredients** transformed into culinary creations that surprise and delight. Flavors that reflect the region's **cultural and natural** richness.

Explore the Amazon

in a way few have the privilege of experiencing. From guided tours to cultural encounters, each activity is an opportunity to **connect deeply with nature** and the people who call this place home.

Experience the
Extraordinary

Preserving the Extraordinary

Our commitment to the Amazon goes beyond the experience. We promote **sustainable tourism** practices that preserve the environment and support local communities, ensuring that future generations can also experience the extraordinary.

Water

The river water is treated by **three filtration processes** (including reverse osmosis) plus **three purification processes** (chlorination, ultraviolet light and ozone) and distributed **pure and drinkable** on the boat.

The sewage is treated in **biodigesters** and transforms the wastewater that, after chlorination, returns clean to the river.

We have **eliminated** the use of plastic water bottles in our activities since 2018. In partnership with YETI, we provide bottles on board so you can stay hydrated **without needing plastic bottles.**

In one year, we avoided the use of
135,000 plastic bottles

This is an *invitation*
for you to experience the
extraordinary on board the
